

**"I am sorry that you have been through the divorce process, however, your personal experience is valuable to our clients."**

*Heather Ogier*  
Attorney, Fort Worth, Texas

I specialize in mortgage lending concurrent to divorce. Often this means helping one party refinance the marital residence into his or her name individually. A written assessment I provide estimates the equity in the property and includes useful suggestions for wording the division of property in the divorce decree.

Involve me early in the divorce process so I can offer feedback on how best to position the client for loan approval immediately following final divorce!
